Narrative:

Caller reports a strange situation involving a '03 BMW 540 listed on Craig's List. The MV is loaded, 100k miles, selling for \$6k. The MV owner would only text with the RP and not accept calls. The meet was to take place at the Stop & Shop parking lot. The BMW was occupied by a male driver and a female passenger, both appearing nervous to the RP. The Rp had his mechanic and a second operator with him. The RP wanted to check for MV codes and wanted a test drive as well. They agreed to go to Advanced Auto to check the codes. The RP used his Maps app to determine the location of an Advanced Auto Parts store. The app told the RP to turn right at the intersection of 106 & 140. The app then corrected itself and told him to make a U turn. The seller did not follow, and then texted the RP that "the sale was off", the RP attempted to call the seller and his (RP's) number was blocked. The ad remains on Craig's list; copy of the ad, forwarded to me by the RP is attached.

Narrative:

The Rp states he can identify the male operator, if necessary, and called because he thought this event seemed strange. RP can be contacted for more info if necessary.
